Have the best of both worlds!!! Located close to downtown and Folly Beach, stretch your legs on this generous lot nestled in a picturesque Lowcountry setting directly across the street from Secessionville Creek. Build a gorgeous Lowcountry home to capitalize on views of the marsh and glimpses of Morris Island Lighthouse. The area truly has a quiet country-like charm great for outdoor recreation but so close to some of the South's best dining, restaurants and marinas just minutes away. A community boat landing is right down the street! This location must be seen in person to appreciate its charm and natural appeal!!
