GORGEOUS VIEWS OF THE BIG LAKE!

This wonderful, custom brick ranch sits on the corner of the big lake and a canal in Hidden Lakes Subdivision. All of its 4 bedrooms are on the ground-floor, plus it has a very large FROG with it's own 1/2 bath upstairs that could be used as a 5th bedroom! (FROG does not have a closet, but does have easy access to the huge attic storage) The owners incorporated heaps of wonderful details into this high-quality home when they had it custom built in 1999. Some examples are the oversized, two-car garage (approx. 24' x 24') with 8' x 9' garage doors instead of the standard 7' x 8' doors; a hot water loop throughout the kitchen and bathrooms; solid-wood cabinetry; granite counter tops and stainless appliances in the kitchen.
