Also, on the first floor is the bright and airy kitchen, formal dining room, family room with custom built wood mantle, 2 large bedrooms, 1.5 baths, and a serene sunroom perfect for unwinding or reading a good book. The second floor has French doors leading to the grand master bedroom with a fireplace, balcony, walk-in closet and private bath. Also, on the second floor is a fantastic library overlooking the first floor. The railings can be removed to make moving items to the second and third floor easy. The deck is ideal for enjoying an early morning cup of coffee while listening to the surf, and later gazing at the moon, or watching the 4th of July fireworks!
