Great home in super location! Many updates completed in the past year! These include: New granite and appliances in the kitchen, New plumbing fixtures in kitchen and master bath, New real hardwood oak stair treads, Fresh paint, New custom built-ins in Family Room, New granite in master bath, New skylight in master bath, New wood floors in master bedroom.

This home is located on a quiet cul-de-sac with a huge fully fenced backyard with new storage shed. All main living areas are oak hardwoods and baths have ceramic tile. The main entrance is between the two floors with kitchen and living areas upstairs and master bedroom suite downstairs. There are two nice sized bedrooms upstairs with a full bath. The master bath downstairs has a unique greenhouse area with a large skylight and pebbled floor with a drain for watering plants.

There are many nice features including built-in blinds within the glass panes of the rear French doors, Levolor cordless blinds, upgraded ceiling fan and stone fireplace. Off the back is a nice deck great for entertaining. There's another nice deck area below on the ground level and a new storage shed in the back yard.
