

25 Lafar Street

Presenting Custom Luxury...

Located in a serene section of
Daniel Island Park.
Celebrating early Charleston's
close ties to the Bahamas, this
gorgeous Island home is a near
mirror image of a 1902 home
on Rutledge Avenue
near Broad Street.

But make no mistake,
25 Lafar has today's
special features and desirable
upgrades. Flexible living areas
afford sensible options.

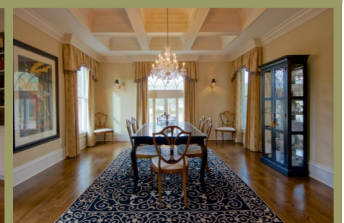

Live the way *you* want to live.

Stunning Focal Point: The
profusion of fine finishings and
luxury details throughout the
home. Look at the ceilings, at
the windows with lead inserts,
the elegant foyer, and custom
built-ins which make 25 Lafar
Street unique. Ask for a
complete list of renovations
and upgrades.
