3024 YACHTSMAN DRIVE SINGLE FAMILY HOME

5 BEDROOMS • 5.5 BATHROOMS
MLS # 16003350

The water views are stunning from every angle in this luxuriously-appointed new custom home from Seneca Construction. Imaginative design, exquisite detail, and terrific flow combine with a superb deep water location. The result: an incomparable waterfront lifestyle. Impeccably executed, the features in one room flow into the next. The family room is outstanding, with coffered ceiling, fireplace, custom cabinetry, and, of course, an expanse of breathtaking water views. The gourmet kitchen is fabulous, with every convenience considered. The spacious master suite is nicely set off from the main living area, and there are equally intriguing spaces throughout the rest of the home, including the much-desired private guest quarters on the ground level. The elegant and spacious interior is the perfect complement to the natural tropical setting.
