

The Village at Wild Dunes Unit 501 A

Investment and a condo at the beach all in one. The Villages at Wild Dunes offers the best of both worlds. This a corner unit on the 5th floor with 3 bedrooms and 3 full baths. The condo has an open floor plan with wood flooring throughout living area and a balcony just off the living area. If you like to cook there is a fully equipped kitchen with granite counter tops, stainless appliances and ceramic tile floor. In this part of the condo there is a large en-suite master bedroom with access to the balcony. The bedroom has wall to wall carpet and the spacious bath has ceramic tile floors, jetted tub, separate shower and double sink. The second bedroom has a queen bed and a bath which also has access for non-overnight guests. The third bedroom has as separate entrance but there is a door connecting it with the main part of the condo. If the third bedroom is not needed at any given time then you can always rent it out just like a hotel room. It has two queen size beds, its own full bath, TV, small refrigerator and coffee maker for the guests. Great rental history.
