Enjoy golf course views from the expansive front porch and wildlife in the wooded marshland from the rear screen porch, roof balcony, and sprawling main-floor deck. This charming home has multiple spaces for outdoor living and the floor plan has a great flow. It is the perfect home for entertaining and large family gatherings. The master suite is downstairs; its master bathroom and walk-in closet were renovated in 2016. There are hardwood floors throughout, with the exception of tile in the bathrooms and kitchen. The kitchen has a large breakfast area with a bay window which provides wonderful wooded views and natural light. In 2004, major renovations and additions were completed. The kitchen was totally renovated, as well as a screened and tiled porch, the entry stairway, landscaping and irrigation system, and new driveway with decorative stamped accents. Additions included the great room with large Palladium windows, a fireplace, beautiful stained-wood cathedral ceiling, built-in cabinetry and window seats, a large formal dining room, a second-floor roof deck, internal stairs to the garage; fenced-in brick patio, and the enclosure of all three garage bays under the house. There is ample space measuring 24.1 x 10.4 in the garage that would be perfect storage for a boat of this size. Wild Dunes resort provides a lifestyle that is unsurpassed! The pristine beauty of the golf courses, tennis courts, swimming pools, biking and walking trails make living at the beach the best it can be!
