

A RARE FIND IN POINT PLEASANT

Seay Development LLC
REAL ESTATE & BUSINESS BROKERAGE

A rare find to have a meticulously maintained home upgraded with all the right stuff! New, energy efficient windows, updated kitchen and appliances and a home warranty in place that is transferable. These homeowners have not let things slide as they have kept the home and yard in great shape. Many pictures and a tour accompany this listing so let the images speak for themselves. A 2,335 Square Foot Home that enters with a dining room on the right and a den to the left with a step down giving this home great separation where appropriate, but an open kitchen leading to a stepped down enclosed porch/room not included in our square footage. The backyard is newly fenced and squared off for the perfect backyard event or ready for you to consider installing a pool. Smooth Ceilings!
