CLASSIC LOWCOUNTRY ELEVATED HOME

Classic Lowcountry elevated home on a cul-de-sac with great views of marsh and Intracoastal in much desired Old Village Landing. Great schools within walking/biking distance in this family neighborhood. This home is in pristine condition and the elevated design allows the finished garage to hold at least 4 cars with space left over for workshop and storage. Full front porch with marsh views leads to 2-story foyer and into spacious Great Room with wood-burning fireplace, 2-story ceilings, custom moldings and door pediments. Great room has high half-moon windows for brilliant light spaces. Rear windows and Pella French and storm doors with disappearing screen are treated with solar film. Off the great room is the over-sized master with sitting area and master bath with garden whirlpool tub and separate walk in shower. The kitchen has double wall ovens, a cook top island and smooth surface counters and overlooks a generous but cozy keeping room/sitting room. Custom pantry has 5 pull-out drawers. Off the kitchen is the formal dining room and a large laundry/utility room with extra cabinets that serves many purposes such as storage or even a mini-office. This home has plantation shutters and crown moldings throughout as well as beautiful oak hardwoods in living areas downstairs. Upstairs catwalk with a view separates two additional bedrooms that share a full bath and feature lots of insulated storage and privacy. This custom finished home has all the extras, a Home Warranty for the buyer and the convenience of Old Mount Pleasant living as well as proximity to the beaches and downtown Charleston. Must be seen to be appreciated.
