Beautiful Charleston Single style home with double porches shows like a model! You'll be welcomed when you walk through the door with a 2-story open foyer and gorgeous new hardwood flooring throughout the entire first level. You'll appreciate all the upgrades and details in this home including kitchen with 42" cherry cabinets, stainless steel appliances only two years old and new granite countertops. Dining room leads into the kitchen and a breakfast bar between kitchen and family room provides an open layout great entertaining. You'll love the upgraded crown molding and chair rail package in this home that creates an upscale feel. Cozy up in the family room with a wood burning fireplace and custom built-in entertainment center. Master suite is located on the main floor with hardwood flooring in the bedroom and ceramic tile in master bath with separate shower & soaking tub and walk-in closet. Upstairs are four large bedrooms and another bonus room that leads to the upper covered porch. Two bedrooms share a Jack & Jill bath with one boasting a walk-in closet. There's also a hall bath for the other rooms to share. The home has been painted throughout and is move-in ready. The backyard is fully fenced-in with a privacy fence next to the paved patio area and there's a two car detached garage with added storage space. Bridges of Summerville also offers a community pool and play park to enjoy. A lot of house and upgrades for this price must see!
