What a fantastic view! Beautiful sunsets and the ICW backdrop the broad expanse of the ever changing color marsh and the tidal creek. Superbly well maintained custom-built home on a nice lot professionally landscaped with crape myrtles, palmettos, magnolia, palms and much more. Very open and bright open floor plan with gorgeous hardwood floors throughout the first floor. Large gourmet kitchen with raised dishwasher, pantry, SS appliances, brand new refrigerator, and a generous breakfast bar where guests congregate. On the first floor, huge owners master suite and 2nd suite with private full bath, both overlooking the water. Lovely screened in porch and open deck for grilling. Surely a one-of-kind place to call home! The community amenities offer tennis courts, a Lowcountry, clubhouse, a salt water swimming pool, a 18-hole nice golf course, and six miles of roadways among beautiful timeless natural beauty and wildlife.

\$449,900
