

Build Your Dream Home On Deep Water Just 10 Minutes From Downtown

Lot 8 Headquarters Plantation Drive

Headquarters Plantation ~ Johns Island, SC 29455 ~ MLS# 18006830 ~ \$449,000

Location, views and a waterfront lifestyle are three great things to consider when choosing a site to build your forever home, and this .78 acre deep water lot on Johns Island scores high on all three! Situated on Penny's Creek, which feeds to the Stono River, this lot has a shared dock where the water sits at 6-7 feet deep at low tide and has a boat lift that can support up to a 12,000 pound vessel.
