

They help us
become healthier.

Now we'll help them become homeowners with our Medical Professional Mortgage¹.

From nurses and dental hygienists to PAs, occupational therapists and speech therapists, we rely on caring medical professionals to help improve our community's health.

Making homeownership easier for them is a way to honor their commitment—and strengthen the community, too. That's why we're introducing a brand-new Medical Professional Mortgage designed expressly for them.

It's only available for a limited time for qualified health professionals. With a lower down payment and more affordable monthly payments, this new program can make them more confident homebuyers. And show them how much we appreciate their dedication and care.

Our Medical Professional Mortgage offers these great benefits:

- Less savings needed, because down payments can be as low as 3%²
- More manageable monthly payments, with no required mortgage insurance
- Reduced out-of-pocket cash at closing, with seller contributions allowed up to 4%

To learn more about this new mortgage program, contact me today.
