LIFE IN SUMMERS CORNER

Summers Corner is everything that it claims to be: "a community built on community", one that embraces the great outdoors as much as luxury-living at home.

From walking trails, gardens and parks, green spaces, pool, freshwater lake for kayaking and fishing, farmers markets, food trucks, and a neighborhood restaurant – neighbors and friends are drawn together.

This home captures the essence of it all, a true masterpiece of craftsmanship and artisanry inside and out. Located in the heart of the Village, this is a true gem.
