This popular Longpoint floor plan has the bonus of a second living space AND a large FLEX Space or 4th BR (with closet). The living room has a wood burning FP and detailed moulding that give this home true Charleston Charm! Upstairs is the Master Suite w/access to a private porch. A Hall Bath, Guest Room and 2 more bedrooms complete the floor plan. The smaller bedroom is the perfect home office. French doors in the added family room downstairs lead you to a peaceful private fenced yard.

*Mature landscaping, a grilling area and a parking pad all in place.
