

Tidal Creek Johns Island

2885 Plow Ground Road

Johns Island, SC 29455 | MLS# 21004848 | \$770,000

Great opportunity to own almost 16 acres in a great location with a little bit of everything the Lowcountry has to offer. There are beautiful oak trees throughout the property and along the banks of Burden Creek. Brand new dock on the tidal creek that has some water at low tide and about five ft at high tide. There is a nice field at the entrance of the property that leads to a custom bridge that crosses the marsh to go to the home site. Very private setting with plenty of opportunities to make this a great home place or equestrian center. This property is within 10 to 12 minutes from Downtown Charleston, 15 Minutes to Kiawah and Seabrook.
