

2 FELIX STREET

Elliotborough

3 BEDROOMS ♦ 2 1/2 BATHROOMS

NEW PRICE: \$879,000

MLS #20023997

This new Elliotborough listing was built in 2001 and offers all the benefits of modern construction but the charm of a classic Charleston single. The exterior reflects traditional Lowcountry architecture with double piazzas, a brick driveway with a decorative iron gate and walled garden. There is off-street parking for three and expansive storage beneath the elevated home.

Inside, the home features heart pine hardwood floors, 9-foot ceilings and large windows. It has been beautifully renovated with stunning contemporary design, setting it apart from neighboring properties. The first floor has two living spaces, a modern chef's kitchen and dining room, and powder room. Upstairs, there is a large owner's suite with a renovated bathroom plus two guest bedrooms who share an updated hall bath.
