Spacious Townhouse

This end-unit townhome feels like a single family detached with its attached garage, screen porch, fully fenced in yard and additional off-street parking. This home could certainly benefit from a fresh coat of paint or an upgrade to the flooring and because of that, the seller is offering a \$5,000 credit with acceptable offers. This would be ideal for anyone working at Roper St. Francis Hospital (2.5 miles), the Charleston airport (8.7 miles) or MUSC (9.2 miles).

Features

- ✓ Fenced In Yard
