

Strawberry Station | Moncks Corner, SC 29461 | MLS# 23000785 | \$328,000

Strawberry Station is a newer development that already has a community feel! This 3 bedroom ranch home sits on a large lot backing to protected wetlands. A large back covered porch allows for a perfect lounging spot to enjoy the tall tree line and beautiful breeze. A newly added fence also provides the perfect amount of privacy. The home has LVP flooring throughout the main living areas which makes clean up and maintenance a breeze. Beautiful cabinetry, a textured backsplash, and quartz countertops bring the kitchen to life, with pendant lighting over the island and a large black dining light bringing the room together perfectly.

The owner's suite is tucked in the back overlooking the wetlands, and its bathroom holds a large tile shower with bench seat, white countertops, shaker cabinets, and black accent vanity light. Have an RV or boat? This neighborhood allows you to park your recreational toys on your property! Many residents have added an extra parking pad to accommodate RVs and boats. Publix, several restaurants and shops are within a few minute's drive.

Close to Cypress Gardens and the Newly Built Goose Creek Central Creek Park.
