Upon entering, the dining with arched doorways will be to your right. This room is a great size for entertaining. Off of the dining room is the kitchen which offers a pantry, plenty of cabinet space, a gas stove, breakfast bar and eat in kitchen area. The laundry room as well as access to the garage is also off of the kitchen. In the eat in kitchen area is a built in bar area which offers more storage, a wine cooler, a beverage cooler and shelving. You can hang your TV here as well! The kitchen overlooks the family room which has a wall of windows overlooking the pool as well as a wall with built in shelving, a gas fireplace and wainscoting. Now, head back downstairs and out in to your own private paradise! The backyard is completely fenced in, but don't worry, you can still see the golf course! But you'll be too busy relaxing in the in ground pool! The perfect spot to beat the heat. There is a large patio area surrounding the pool as well as a screened in porch. This home also offers solar panels! These panels will be paid for in full at closing by the seller, so you get to enjoy the benefits of a huge savings on your electricity bill! What more could you ask for!? This home has been well maintained and cared for.
