

I have several buyers looking around the Lowcountry for their dream homes. We have reviewed what's available in the MLS, but we are hoping you might have something coming to market soon that fits their needs. Please reach out if you know of a property that meets their specific needs.

Client 1 - Master down, 3 bed, 2 bath home, >.2 acres, in a subdivision, in need of renovation on Johns Island or Hollywood. They like Stono Ferry, Waterloo, Gift Plantation, but open to others, under \$800k

Client 2 - Looking for vacant land in an existing neighborhood for my builder client looking to build a spec home, lot price <300k and home value could be \$1.2 or higher

Client 3 - Looking for a Seabrook Island home or townhouse in a regime with a neighborhood pool, 4 bedrooms or more

Client 4 - Looking for at 4+ bedroom house with a great backyard (pond view and/or pool is a plus) in a Mount Pleasant neighborhood with great amenities
